

Show & Tell Photo Album

December 2022

**December 1, 2022**

*The One Person Project supports the community of Kahama in Tanzania and has given support to the community of Muhanga in Rwanda.*

*We are a small but impactful non-profit that provides the means for the Okanagan community to provide real, enduring and totally transparent support to our sponsor-community in rural Tanzania. We are grateful to also have supporters from across Canada and around the world.*

*Our major project is the Simon's Children's Centre Orphanage in Kahama. Through hard work and a great deal of support we have built and funded a 7,000 square-foot orphanage and have a sponsorship program in place to help feed, clothe and educate the orphans. We also have an orphanage volunteer program.*

*We have shipped four forty-foot containers and a 20' container to Kahama, Tanzania, each filled with medical, educational and essential resources to strengthen and bolster the Kahama District Hospital, the Teacher Resource Centre, the orphanage and vulnerable families. And one container was sent to a community we support in Rwanda. Visit our [blog](#) to learn more about the [orphanage](#) and our other programs. Website <http://www.theonepersonproject.org/>*
